

Coming up next week:

On Monday the 24th of November the PTA are hosting a non-uniform day in exchange for any chocolate item for the Christmas Fair that will go to the chocolate tombola .

On Thursday the 27th of November it is Year 6's Flu Immunisation Rec.

Classroom News

Nursery – this week we have been learning about Goldilocks and the three bears using story telling language. In Maths we have been learning about size and cardinality to 3. In phonics, we have learnt the initial sound 't'.

Stars of the week -

Year 1 – Bella and Ahmed
Year 2 - Amara
Year 3 – Sean and Shyanne
Year 4 – Harry and Bobby
Year 5 – Clayton and Amara
Year 6 – Betty and Eesah

Reception - This week in Forest School the children explored using natural materials to create paintings. The children enjoyed using the large pine cones and then using the hands to mix all the colours – it got very messy!!! In phonics we have begun to learn the digraphs; two letters one sound. We have also continued to practice our letter formation and are beginning to spell some simple words. In Drawing Club we looked at the book called 'The tiger who came to tea' where we thought about what the tiger would eat at the café with Sophie and her family. The children came up with some great codes using their newly learnt sounds.

Year 3 -Another wonderfully creative week! We continued our art focus on Claude Monet, exploring his use of colour, light and brushstrokes within the Impressionist style. They then created their own beautiful versions of the painting 'Waterlilies', experimenting with blending, dabbing techniques to achieve the Impressionist effect. In science, we have been building our understanding of how light travels and how it can be reflected. The class learned why reflective materials are essential when it's dark, particularly on clothing, bikes, and school bags, to help keep us visible and safe at night.

Year 4 -This week in we've been sharpening our Maths skills by mastering multiplication and division facts, building speed and

Acorns - This week in the Acorns room we worked hard by having lots of fun playing. We practiced motor skills and jumping with two feet safely. The children have been playing games cooperatively, learning to take turns and following simple rules. In phonics we had so much fun playing floor is lava with our focus sound cards. This again helped us with our jumping skills. Christmas craft has started this week designing our Christmas cards. We can't wait to make more lovely things and practice our singing.

Year 5 - This week in Year 5, we continued our writing based on a transmission from Mars, focusing on developing ideas and structure. In Science, we carried out an experiment to test the transparency of different materials—photos of our investigation are included. We also completed our hexagon assessments to conclude our Geography unit on North America, demonstrating what we've learned about the continent. We also discussed laws and rule in PSHE. We thought about democracy and dictatorships too.

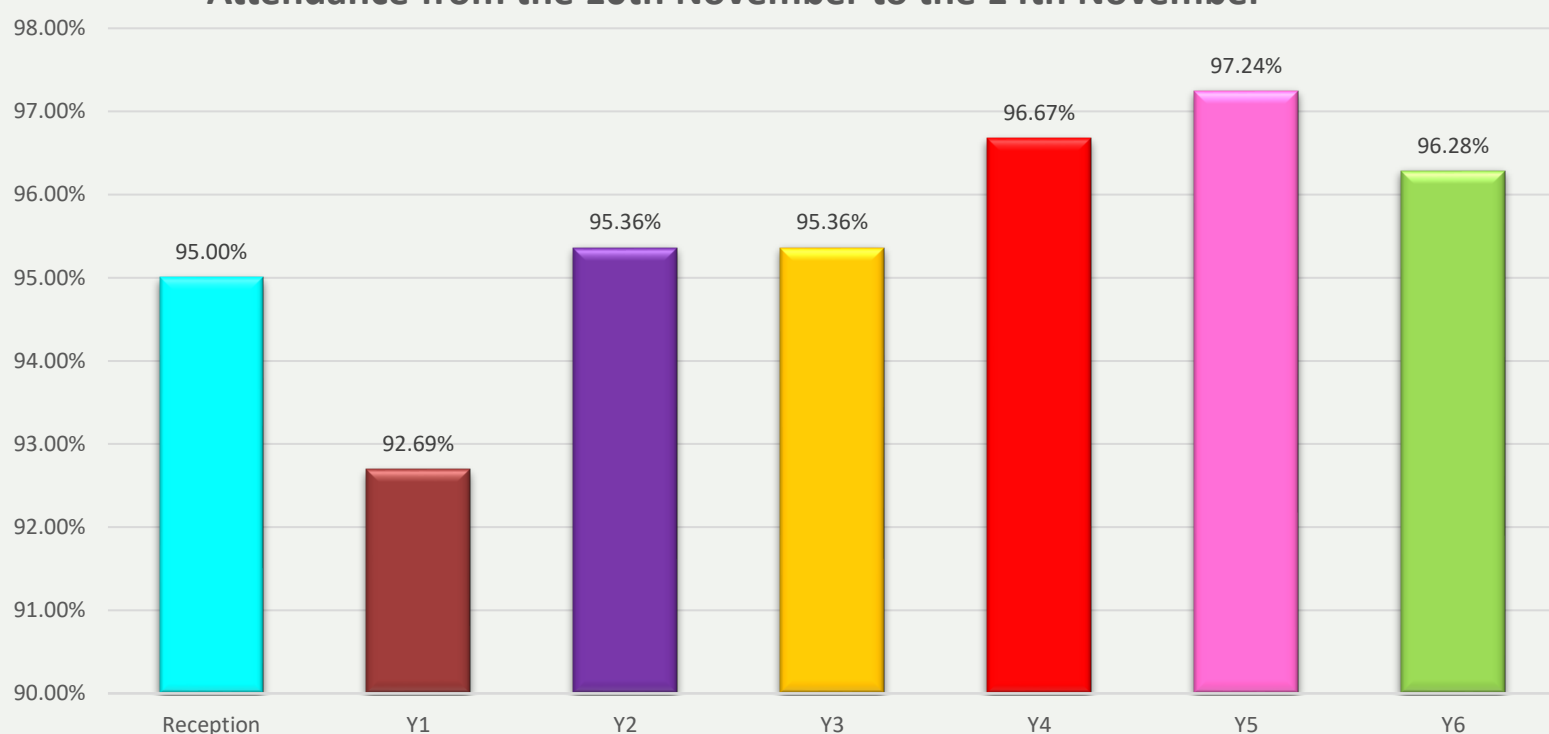

Year 6 - Year 6 have been busy this week now they are back into the swing of things. In maths they have been looking at equivalent, simplifying and order fractions. In reading they started their new text Ann Frank's Diary which relates to their topic on WW2. In science they have started their new topic on the human body and looked at the different component of blood and its functions. In PE they have continued to practice their gymnastic skills and prepare for sports hall athletics. We began to plan our WW2 independent story and will be able to demonstrate all the skills we have been practising: repetition for effect, similes and a range of adverbial phrases. On Thursday, we enjoyed an incredible trip to Coventry Cathedral to further consolidate our knowledge surrounding WW2 and to focus on the impact of The Blitz on Coventry. It was also lots of fun to travel to and from the city centre in the local bus

Year 1 - This week, Year 1 have visited forest school with Mr Francis. They were using their senses to explore the area and made fantastic drawings and written notes ready to use in their Literacy work. In Topic, we visited a toy museum in our classroom! We saw lots of antique toys that our grandparents would have played with and talked to our friends about them. We also used our Art skills to draw one of them and colour it in different tones!

Year 2 - This week, Year 2 were exploring how we can change the shape of different materials by pulling, pushing, stretching and squashing. We used what we had learned to make plasticine boats and experimented with the best shapes to make the boats float well. We have also been writing a story based on the 'Owl who was afraid of the dark'.

Attendance:

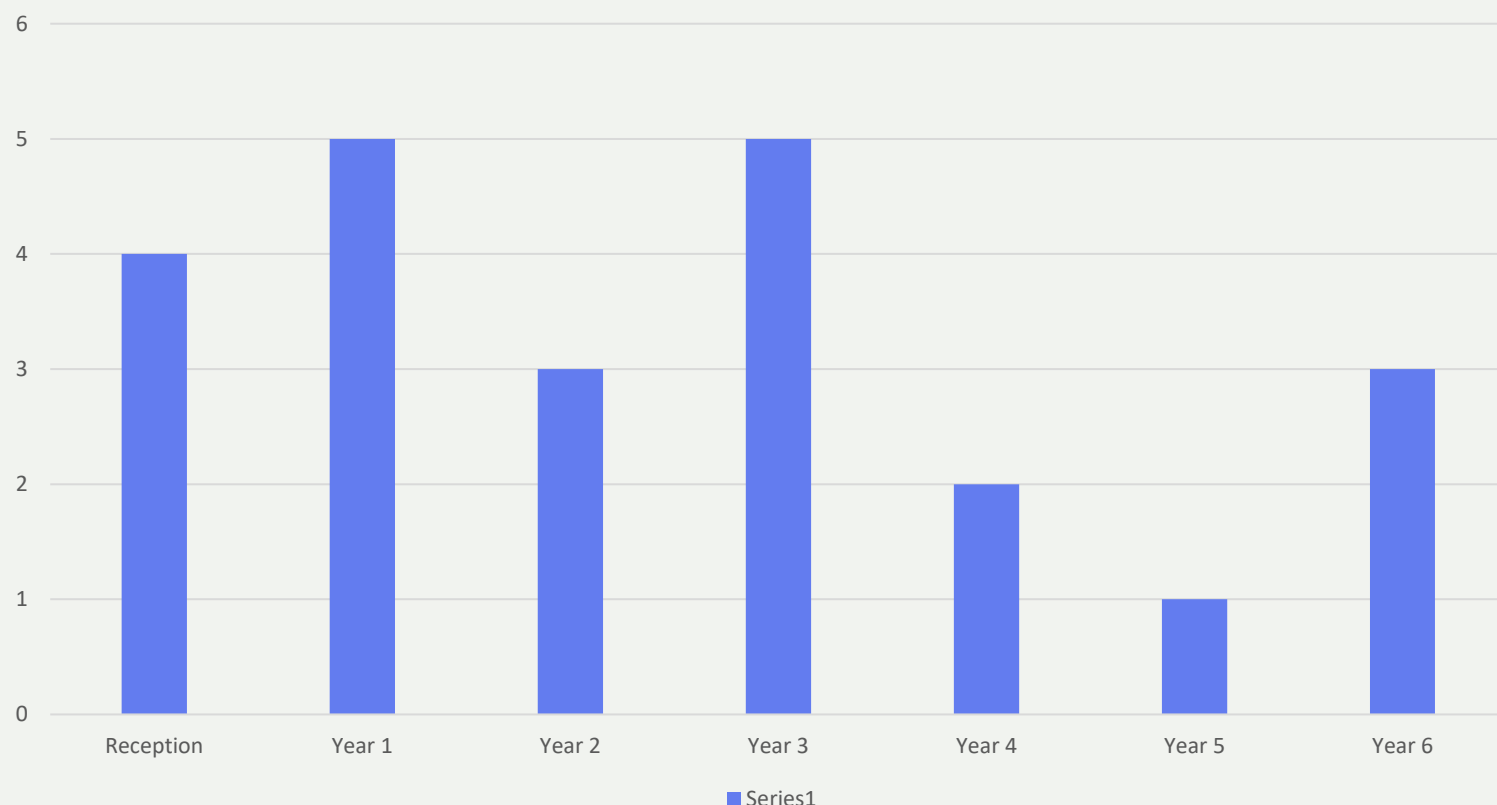

Attendance from the 10th November to the 14th November

A well done to Year 5 this week for their attendance!

Lateness:

Amount of lates per year group from the 10th November to the 14th November

Well done to Year 5 for having the least amount of lates!

We are looking to improve our weekly newsletter.

If you wish to have any input on how we might change the newsletter or any suggestions for improvements. We would love to hear them.

You can do so by answering these 5 quick questions on the link below.
